Nominations are being sought for individuals who have the expertise and qualifications necessary to contribute to the accomplishments of the committee's/workgroup's objectives. Nominees will be selected based on expertise in the fields of health equity; public health science and practice; public health policy development, analysis, and implementation. To ensure a diverse workgroup composition, nominees with front line and field experience at the local, state, tribal and territorial levels are encouraged to apply. Interested candidates should submit the following items:

- A one-half to one-page cover letter that includes your understanding of, and commitment to, the time and work necessary; one to two sentences on your background and experience; and one to two sentences on the skills/perspective you would bring to the HEW.
